Savannah [A- illegible] 29th 183?

Dear Mother

We met Mrs. Hill at Atlanta as was expected and Thursday morning 4 o'clock found us all up and waiting for the [ca-illegible] to start. came through yesterday for her at 11 o'clock last night, Irish cook had failed to come. My porter had employed another Irish but she put out [illegible] for us, and had it not been for the cook of another dear neighbor we would have been compelled to cook to for ourselves. I am expecting to get a woman tomorrow + if we do all will be right again. has [illegible] will entirely and is perfectly delighted with her new home. Madir + Ida were almost dead with fatigue when they arrived but as soon as they were [illegible] they had a grand romp together for up and eat breakfast 9 o'clock this morning. All will. Butter + brandy peaches came with us all after for had some of the [illegible] for dinner, said she could not eat the [illegible] we had brought her. I will write you all. Dr. Thompson at Atlanta told Mr he had found sister Mantillelle and would send in when 1st opportunity. In haste,

Your aff son
